**"Strongly recommended for University and larger public library science reference sections."**  
— *Library Journal*

**"I am pleased to endorse this publication and recommend it to be in the library of all those involved in any aspect of physics."**  
— *E.A. Boudreaux, University of New Orleans*

This fully revised and expanded third edition offers a comprehensive and topical account of physics and the physical world. The two volumes comprise more than 500 articles, which have either been completely updated or are altogether new.

从2008年5月起至2008年12月底, 物理学会个人会员购买约翰威立物理相关书籍, 即可享受八五折和免运费等一系列优惠。详情请洽约翰威立北京代表处。
